**WORDSMITH**

Writing should stick to your ribs like a hearty red chili served with a gooey cinnamon roll. I strive to craft scenes, chapters, and novels that are both vivid and memorable enough to stick with my readers long after they've turned the last page.

## ★ ABOUT LINK ★

After earning a degree in journalism from the University of Wyoming in 2003, Link Rayburn's friends and family sang the familiar chorus, "You should write a book!" A handful of jobs, beating bone cancer, and two bookless decades later, a conversation with his girlfriend turned wife sparked an idea for a superhero tale set in Russia. Rayburn cracked open an energy drink and immediately set his fingers to a cadent beat on the keyboard, banging out the first 300-page manuscript in a dozen weekends.

Fast forward—the first two *HyperVigilanté* novels are published, while the lynchpin story, *The Redacted Chapters: HyperVigilanté III*, is being edited. There are plenty more adventures in the *HyperVigilanté* universe for the Russian and Japanese superheroes and their friends that the author hopes to publish if the fanbase can support them. While novel writing in the sci-fi and fantasy genres is his favorite, he may branch out to other genres and even write a nonfiction book or two as inspiration, time, and finances allow.

Rayburn hopes to both entertain and bolster morality with his human brain generated novels. That means no "AI" writing. He strives to build compelling worlds, plot scintillating scenarios, craft three-dimensional characters, and write witty dialog. He's a growing author, leveling up with every book. There is more showing and less telling. The locations paint clearer pictures. The action and dialog become closer to a movie in each reader's head as each scene he types sharpens his skill. Link sincerely hopes you like his novels now ... but they are only getting better. Stay tuned!

## ★ TESTIMONIALS ★

"*HyperVigilanté* is a potent concoction of action, romance, virtue and humor blended in the right proportion"

— **SIDDHARTH C.**  
Reedsy Discovery Reviewer

"I loved it. Highly recommend for action and a few laughs."

— **CARL MOTTLE**

"A fun superhero story with a twist of science-fi. The juxtaposition of American culture Easter eggs in a Russian setting was engaging and had me looking for more. Svetlana is a great heroine and equal match for Vlad! Excited to read the second book in the trilogy!"

### THE FUKUSHIMA CONNECTION

This second adventure juxtaposes the innocence of a freshly bitten Spiderman against the evil plotting of James Bond villains and adds a hint of Star Trek's interstellar awe.
